

## G. A. R. MEN PARADE

### Salt Lake City Is in Martial Array

### VETERANS ARE REVIEWED

By Commander Nevins—School Children  
Form a Living Flag—Utah National  
Guardmen and Regulars Also  
March.

Salt Lake City, Utah, Aug. 12.—The annual parade, the feature event of the Grand Army encampments, gave Salt Lake City yesterday a martial aspect. At ten o'clock the different divisions wheeled into line by the Brigham Young statue at the head of Main street. The column was strictly military. The Fifteenth infantry, U. S. A., from Fort Douglas, took the lead, followed by the Utah National Guard and the carriage conveying the commander-in-chief, his staff and distinguished guests. Illinois led the states. The Union ex-prisoners of war marched next to last, and the Utah comrades modestly brought up the rear.

Seven blocks, one mile in Salt Lake, brought the head of the procession to Seventh South street, where 1,200 school children, in red, white and blue robes and caps, formed a beautiful human flag. The living flag joined the parade in marching order and followed the veterans back to the starting point, where the historic ranks passed in review before Henry M. Nevins, commander-in-chief.

Base Ball Notes.  
Who says that Karger was not a good bargain?  
Brooklyn is making a fine showing on the western trip.

The Doves have won one game and lost 11 so far in their western trip.  
Krause came back strong in the game with Detroit. He allowed five singles.

The Tigers are falling rapidly and the Athletics and Red Sox are climbing fast.

Overall has a record of 131 strikeouts in 22 games and Rucker has 134 in 24 games.

Connie Mack worked his two left handers in his game with Detroit with great success.

The Red Sox have won eight out of the last nine games played. They are coming some.

Cy Young's best record in pitching was in 1892, when he stood 36 won, 10 lost, with a percentage of .780.

By the way the Brooklyn twirlers are working they would seem to have no equal in either league collectively speaking.

The Highlanders continue to play strongly in Monday's game Young Arhop shut out the Naps with three hits.

Johnnie Kling is talked of as the catcher of the Chicago American association club if the plan is carried out to invade Chicago.

Jack Luderus the hard hitting first baseman for the Freeport club in Louisiana has been bought by the Chicago Cubs for \$17,500.

O'Toole pitched a great game for Brockton Tuesday in the 17th inning game with Haverhill. He allowed six hits and struck out 14 men.

The Tigers lost three out of four in their series with New York, Boston and Philadelphia. Jennings is going after the Senators with blood in his eye.

## Dyspeptics

**Ball's Big Improvement.**  
It has often been said that a change of scene often benefits a ball player. This seems to be so in the case of Neil Ball, the former New Yorker, now a member of the Cleveland Americans. When with the Highlanders Ball played an inconsistent game, but since joining the Naps he has put up a rattling good game at short. In a recent game against Boston Ball made a triple play unassisted.

Ball's great achievement probably saved the game for his team. Wagner and Stahl of the Bostons opened the

NEIL BALL OF THE CLEVELAND AMERICANS

second inning with clean singles. On the hit and run Ball went over to cover second, and so was in a position to spear McConnell's vicious liner, almost directly over the bag. He had but to step on the cushion to double up Wagner, who had left with the pitch. Stahl had such a lead off first that he was unable to stop until he was within a step or two of Ball. Neal then but to tag him before he could recover to complete the triple put out. Ball has the distinction of making the first play of this kind that has ever been seen in the major leagues. Only six times previously in the history of baseball has the play occurred.

**JOHNSON SIGNS.**  
Match With Jeffries Arranged. Barring Side Bet Question.

Chicago, Aug. 12.—Jack Johnson yesterday signed articles to fight James J. Jeffries.

Sam Berger, representing James J. Jeffries, who arrived here yesterday to see Jack Johnson, had shortly after noon orally agreed upon the terms for a fight between Johnson and Jeffries for the heavyweight championship of the world.

Johnson yielded on every point demanded by Berger except the size of a side bet. Berger yielded on this point. The division of the purse will be on the basis of either 60 and 40 per cent to the winner and loser respectively, or 75 and 25 per cent, or the winner may be permitted to take the entire amount. The decision in this matter is to rest with Jeffries.

**FATHER'S OFFER.**  
Pitcher Moran to Get \$500 Every Time He Beats The Cubs.

Cincinnati, O., Aug. 12.—Law Moran, a pitcher with the Philadelphia, has been made a new offer by his father. Instead of getting a \$100 bill for every game he wins, the young star will receive \$500 for every game in which he beats the Cubs.

The elder Moran lives in Pittsburgh, and he is so anxious to see the Pittsburgh club win the pennant that his new offer is made.

**To Boom Horse Racing.**  
August Belmont's announcement that he will race almost exclusively in America in future is regarded as excellent proof that the turf in this country will not be obliterated.

Mr. Belmont has paid an unusual amount of attention to racing here this season, visiting the tracks almost daily, and says he is convinced that the public will support the game with enough liberality to keep it alive, even if it may be several years before the old popularity returns.

Mr. Belmont's determination to have thirty nursery bred yearlings turned over to Trainers John Whalen and Thomas Welsh to be prepared for next season's campaign on the metropolitan tracks is the result of careful observation, and it is thought, will result in other big turkmen following the example of the Joyce club's chairman.

Mr. Belmont will send three yearlings to England more as a compliment to Trainer Watson than for any other reason. But superb breeding establishments in Kentucky will be shown on the New York race courses.

**Vanderbilt Heads Winning List.**  
W. K. Vanderbilt heads the list of winners on the French turf since the season opened on March 12 last, his horses having won \$100,400 up to July 15. Maurice Rothchild comes next, with a total of \$121,200. Baron de Rothschild's horse Verdun was the greatest single winner, \$110,800, including the \$75,000 Grand Prix.

Mr. Vanderbilt's Oversight comes next, with \$81,000 to his credit.

## CHANGES IN ALIEN LAWS

### Nagel Will Take up the Oriental Problem

### LEGISLATION SOME KIND

To Be Asked of Congress—Secretary Will  
Pay a Visit to Boston—Commissioner  
Keefe Has Just Inspected  
Various Stations.

Washington, Aug. 12.—There is a strong probability that Secretary Nagel of the department of commerce and labor will recommend some radical change in the immigration laws in his annual report to Congress next December. Nothing has been divulged as to the precise scope of the legislation the department wishes to obtain, but it is certain that the report will go deeply into the entire immigration problem with special emphasis on the Japanese and Chinese immigrant question as it confronts the nation to-day.

Commissioner Keefe of the immigration bureau has just returned to Washington from an extensive trip, having visited the immigration stations of the country, and he is expected to draft a measure dealing with the oriental problem. Secretary Nagel within the next three months will visit and inspect the immigration stations at Ellis Island and also the stations at Boston, Philadelphia and other cities to determine what remedies are needed in the way of new legislation.

### THE ELMINA WON.

New York Yacht Club Race a Strenuous Contest.

Portland, Me., Aug. 12.—The schooner Elmina, owned by Frederick Brewster of New Haven, Ct., won the New York Yacht Club race from Vineyard Haven to Cape Elizabeth lightship, a distance of 152 miles. The Elmina has been racing with the schooner Queen all summer. She was considerably in advance of the Queen, arriving off the lightship about 9:30 a. m. yesterday.

The Elmina did not remain in the vicinity of the lightship but came into anchorage in the roads inside Pease's Island, dropping anchor at 10:55 a. m. She was the only sailing yacht in sight at 12 o'clock but shortly afterward a ship was seen off the whistling buoy off the end of Cape Elizabeth.

The Elmina left the Queen and Vigilant about midnight, 20 miles off Cape Cod and ran away from the whole fleet. The majority of the others were not expected to arrive until late in the afternoon. The Elmina found conditions decidedly rough but as she is a magnificent windward boat she made a splendid showing. She was not damaged nor were any of the other big craft which had arrived at noon.

They were so far in advance of the little fellows, which did not have the advantage of size and this was at the mercy of the gale, that they had no news of the damage to the others.

**ALFONSO MAY TRY FOR CUP.**  
Yachting Circles in London Name Him as Possible Challenger For Trophy.

London, Aug. 12.—Reports are current in yachting circles here that King Alfonso of Spain is a possible challenger for the America's cup. This rumor apparently is based on the fact that the king, during the construction of his yacht Hesperia, which was built in Spain from designs by Pile, the English designer, evinced curiosity regarding the conditions governing the contests for this trophy.

The elder Moran lives in Pittsburgh, and he is so anxious to see the Pittsburgh club win the pennant that his new offer is made.

**To Boom Horse Racing.**  
August Belmont's announcement that he will race almost exclusively in America in future is regarded as excellent proof that the turf in this country will not be obliterated.

### KEEPING WATCH ON JAPAN

### The Treaty Powers are Active in Manchuria

Difficulty with China Thought Settled.  
The Legations Do Not Regard  
the Dispute as  
Serious.

Peking, Aug. 12.—Telegraphic reports received here from Manchuria are to the effect that the work of reconstructing the Antung-Moukden railroad by Japan from Antung to the north is proceeding rapidly and without friction.

According to certain consular information the work of reconstruction was begun a week before the relations between Japan and China reached an apparently critical stage. It is understood here that the powers have made representations at Tokio and it is believed that Russia and the other treaty powers are showing activity in Manchuria. The legations do not regard the difficulty between China and Japan as serious and some of their supporters in Japan in her contention that the line be made standard gauge.

**ALARM FELT IN ST. PETERSBURG.**  
Energy of Japanese in Pushing Work on  
Railway Line Disquieting.

St. Petersburg, Aug. 12.—Apprehension has been aroused in political circles here by the energy displayed by the Japanese in pushing the reconstruction of the Antung-Moukden railroad, the strategic importance of which is fully realized in St. Petersburg. But even a greater degree of disquietude has been caused by the Japanese plans for a naval base at the mouth of the Tumen river, to be connected by a railroad with Kirin.

This project is considered as verging on an infraction of the Portsmouth treaty.

**AMERICA TO SHARE IN LOAN.**  
Assurances to his Effect Given by Ger-  
man, French and British Bankers.

Peking, Aug. 12.—At the meeting held here Tuesday morning by P. Fletcher, the American charge d'affaires, representatives of the German, British and French groups of bankers, and Liang Tun-Yen, president of the board of foreign affairs, assurances were given that the United States would get one-fourth of the total of the loan for the construction of the Hankow-Soo-Chuen railroad.

**RUSSIA MEETS AN OBSTRUCTION.**  
Indo-China Bank Blocks Her Share in  
the Railway Loan.

St. Petersburg, Aug. 12.—The Russian application to share in the Hankow-Soo-Chuen railroad loan has met with an unexpected obstruction on the part of the Indo-China bank, and steps have been taken at Paris to invoke the good offices of the French government in the matter.

**TO NEGOTIATE ON MANCHURIA.**  
Russia and China to Take Up Navigation  
of Sungari and Amur Rivers.

Peking, Aug. 12.—The question of opening the Sungari river to international trade will be settled by the negotiating at Harbin, Manchuria, of a set of regulations for the navigation of this waterway that meet the peculiar local requirements of Russia. The Russian contention is thus fulfilled. The matter of trade on the Amur river will be negotiated by itself.

Mexican Committee in Ciudad Juarez  
Making Arrangements.

El Paso, Tex., Aug. 12.—Ignacio de la Barra, brother of the Mexican ambassador to the United States and a committee of three other Mexican officials, arrived at Ciudad Juarez, across the Rio Grande from El Paso last night. They will take steps to put the city into suitable condition for the meeting between President Taft and President Diaz.

**"MISS SANTA CLAUS" A SUICIDE.**  
Miss Elizabeth A. Phillips Found Dead  
in Her Home.

Philadelphia, Aug. 12.—Miss Elizabeth A. Phillips, known widely as "Miss Santa Claus," committed suicide yesterday by inhaling illuminating gas. She was found in a room at her home with a gas tube in her mouth. No motive is known for her self-destruction.

**BURDETTE RESIGNS.**  
Request to Be Made Pastor Emeritus  
is Granted.

Los Angeles, Cal., Aug. 12.—The Rev. Robert J. Burdette, the noted lecturer and humorist, resigned as pastor of the Temple Baptist church in this city yesterday. Mr. Burdette is ill and resigned upon the advice of his physicians. He asked that he be made pastor emeritus and this request will be granted.

**THE CONSTIPATION EVIL**  
Is Responsible for Most Cases of Piles.

Constipation paralyzes the blood vessels of the lower bowel, and often causes piles. Women, and all other indoor workers, are the most frequent sufferers. But curing constipation alone won't cure piles. A special medicine is needed—internal treatment, to strengthen the faulty veins and start pure blood circulating.

Dr. Leonard's Hem-Roid is the only internal cure. Sold under guarantee. \$1 at the Red Cross Pharmacy, or Dr. Leonard's Co., Station B, Buffalo, N. Y. Write for booklet.

## FORMER NEWSPAPER MAN.

Appointed Manager of Poll's Theatre in  
Springfield, Mass.

Springfield, Mass., Aug. 12.—Gordon Wrighter, manager of Poll's theatre for the past three years, has been promoted to the management of the Poll playhouse in Wilkes-Barre, Pa., one of the finest theatres in Pennsylvania, outside of Philadelphia, and considered the best of the showhouses in Mr. Poll's circuit. Stephen J. Breen, who has been directing affairs at the Bridgeport Poll theatre, will succeed Mr. Wrighter as manager of the Springfield house. Mr. Wrighter will be mostly missed as he was an untiring and successful worker and one always pleasant to meet. He has made many friends during his stay here and leaves with the best wishes of all who have been brought in touch with him. His successor, Mr. Breen, has been in this city for two weeks or more, directing the theatre during Mr. Wrighter's vacation. Mr. Breen was a successful manager at Bridgeport, and in his short stay in this city so far has already made favorable impressions. Mr. Breen is a former newspaper man who began gathering news in Montpelier, Vt., his home town. Later he worked on Long Island, and from there went to Bridgeport as reporter for The Post. Mr. Poll engaged him as press agent, and his work was so well done that he was put in charge of the Bridgeport theatre.

Mr. Breen was employed at one time on the Evening Telegram of Barre.

**MISS GINGLES SAILS FOR HOME.**  
Young Irish Laceworker Leaves This  
Country.

New York, Aug. 12.—Ella Gingles, the young Irish lace maker whose trial in Chicago for larceny from her employer attracted national attention because of her sensational charge that an attempt had been made to force her into "white slavery," sailed for her home in Ireland yesterday on the steamer Campania.

After her acquittal, Gingles in this city raised a fund to send her back to Ireland and start her in the lace business there. Before sailing yesterday she said she was unable to express her gratitude to her benefactors. She dismissed her case without bitterness.

"Although the jury found that I was not guilty of the lace stealing," said Miss Gingles, "it has been a matter of terrible regret to me that I should have been accused of such a crime. I am grateful to the people of Chicago, and I will be able to prove to my folks in Ireland that I have not been guilty of selling my soul."

Miss Gingles was accompanied by Mrs. Grace Van Dusen Cook of Boston, who has taken a deep interest in her case.

**STAGE SMASHED.**  
Serious Accident in Center Harbor To-  
day.

Meredith, N. H., Aug. 12.—Several persons were injured, two seriously, when the horse-drawn stagecoach attached to a stage coach became frightened and started down a steep hill in Center Harbor yesterday, the stage being overturned and all its occupants hurled to the ground.

The stage was one used on a regular line between Meredith and Sandwich, operated by Everett Mayberry of Sandwich, and was being driven toward Meredith by Mr. Mayberry's wife.

Edward F. Richards, a farmer living on the outskirts of Lincoln, N. H., who has been taking a vacation at the Weirs, with his daughter, Marie, had his collar bone broken and several ribs fractured, besides sustaining internal injuries which are considered dangerous.

A woman believed to be Mrs. L. L. Blanchard of Derryville, Ct., sustained a compound fracture of one wrist and it is feared internal injuries, and became temporarily deranged from the shock. No one else was seriously hurt.

Mr. Richards, who is about 70 years old, and Mrs. Blanchard were brought to a hotel in Meredith where they were attended by Drs. Newell C. Nutting, Mary Nutting and F. L. Hawkins. Mrs. Blanchard was able to say that she had a son in Providence, R. I.

**METEOR EXPLODES NEAR TOWN.**  
Torrington, Conn., Starred By The Phenomenon Occurring Nearby.

Torrington, Conn., Aug. 12.—A meteorite exploded above Torrington last night, the explosion being heard in the town and the surrounding country. Two residents saw the meteor in the atmosphere before the explosion and say that the whole sky was lighted up by it for an instant.

For the past week many meteors have been reported as having been seen from this locality. The meteorite is said to have been about the size of a muskmelon.

**ELEPHANTS TERRORIZE TOWN.**  
Eleven of Them Break Away From  
Show and Excite Clay Centre, Kas.

Clay Centre, Kas., Aug. 12.—For two hours yesterday the people of this town were terrorized by eleven elephants which escaped from a show and stampeded through the streets. The trouble started when a small dog bit the leg of one of the elephants. The beast at once began to trumpet, and, breaking away from his keeper, ran away. Ten others followed. Before the animals were finally captured the show man was seriously hurt.

**Cutlery Dealers Assign.**  
Boston, Aug. 11.—A general assignment for the benefit of creditors was made yesterday by Dime, Stoddard & Co., wholesale and retail dealers in cutlery, fishing tackle and small hardware. The assignment was made to Samuel E. Winslow, of the Samuel Winslow State company, Worcester; Charles P. Blinn, jr., vice president of the National Union bank, Boston; and Charles W. Bailey, cashier of the Boston National bank, Boston. The liabilities are estimated at \$170,000, but no statement of the assets is yet available.

Milan, Aug. 12.—The balloon Albatross, piloted by Lieutenant Mina yesterday, is reported to have ascended to a height of 11,800 metres, or over seven miles, which is believed to be a world's record.

**Aids Nature**  
The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body, and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

**It's your dealer offers something "just as good."**  
It is probably better FOR HIM. It pays better. But you are thinking of the cure not the profit, are there's nothing "just as good" for you. Say so.
